

FOLDING MACHINE TF MEGA-S

The comfortable and low priced solution for versatile folding jobs.

HEFTER
SYSTEMFORM

THE IDEAL FOLDING MACHINE FOR OFFICES AND MAIL ROOMS

Robust, reliable, precise and economic.

single fold

wrap fold

Z-fold

double parallel fold

Surprisingly comfortable, solid and versatile

The small **TF MEGA-S** is a real folding “profi”. It can do the most popular fold types in a convincing quality.

The fold adjustment is done easily with a keystroke with symbols on the two fold plates. Additionally, a fine adjustment for the fold length and the fold parallelism is available.

The **TF MEGA-S** is extremely solid and designed for daily use. It can also handle a bigger number of documents. Any important part of the machine is made of metal, such as ball bearings, the paper tray and the conveyor stacker. The feeding station has a capacity of up to 200 sheets. The **TF MEGA-S**, also suitable for recycling paper, can handle up to 6.900 sheets/hour.

The **TF MEGA-S** also sets new standards within its class:

- Display with status indication, counter and pre-counter
- Central width adjustment
- Big, adjustable conveyor stacker for up to 200 sheets
- Automatic paper end control

Completely cased fold plates for silent and secure operation. Symbols for quick adjustment of the fold types and additional fine adjustment

Feeding station for up to 200 sheets with possibility of adjusting the fold parallelism

Big, adjustable conveyor stacker for up to 200 sheets

Display with counter, pre-counter and status indication
