Full H phrases are specified in point 16 hereof.

4 SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures

If inhaled: Take the victim out of the exposure area, place them in a comfortable half-sitting or lying position, provide calm and protect against heat loss. Seek medical help if necessary

In case of skin contact: Wash the contaminated skin with plenty of water. Consult a doctor if disturbing symptoms appear.

In case of eye contact: Rinse immediately with plenty of cool, running water for at least 15 minutes. Remove contact lenses if present and easy to do. Avoid strong water jets to prevent corneal damage. If irritation persists, consult an eye doctor.

If swallowed: Do NOT induce vomiting. Rinse mouth with water and give some water to drink. If symptoms develop, or in case of doubt, contact a Poisons Information Centre or a doctor

Ensure adequate ventilation in the workplace. Avoid inhalation of vapours and aerosols. Avoid contact with skin and eyes.

8.2.2 Individual protection measures, such as personal protective equipment

Eye/face protection:

Use safety glasses if there is a risk of splashing.

Hand protection:

Use protective gloves made of chemically resistant material (e.g. nitrile) in case of prolonged or repeated contact.

Skin and body protection:

Wear protective clothing in case of extended skin exposure.

Respiratory protection:

Do not use respiratory protection under normal conditions. Use respiratory protection in case of high vapour concentrations and insufficient ventilation.
