

eco/smart™
ergoflip™
 mouse

UP TO
85%
 RECYCLED
 MATERIALS

Aptly designed to ergonomically fit both left- and right-handed users, this patent-pending mouse delivers superior comfort and precision while wrapped in eco-friendly material.

Universally Ergonomic

Sporting a molded textured grip designed for comfort and prolonged use, the ambidextrous ErgoFlip™ seamlessly switches from right-to-left hand use with a simple lift and rotation.

Simply Sustainable

With its shell made from up to 85% post-consumer recycled plastic and engineered to use low-energy Bluetooth® technology to reduce power consumption, this mouse is a smart choice for the eco-conscious user.

Gaming-Level Performance and Precision

Features smooth precision scrolling and a high-performance 4000 DPI infrared optical sensor for innovative greater control and productivity.

Antimicrobial Protection

As an additional benefit, this mouse features DefenseGuard™ Antimicrobial Protection, which helps to create a cleaner surface by preventing the growth of microorganisms, and works continuously for the life of the product.*

* Antimicrobial protection is limited to the device itself. This mouse has been infused with an antimicrobial additive. Active ingredient: Silver Phosphate Glass (nano-). EPA Est/ 99234-CA-1
