FE1056 | Electric high lifting pallet truck, 1500 kg

Silverstone FE1056 – the new generation of electric high-lift pallet trucks!

With a 1500 kg capacity and a lifting height of 800 mm, it combines power and ergonomics in the best possible way. What truly makes the FE1056 unique is the electric drive both forwards and backwards – a feature you won't find on other high-lift pallet trucks. This means smooth transport without heavy pulling or manual effort, perfect when pallets need to be moved and handled frequently.

For those running stores, warehouses, or logistics operations, this translates into a more efficient, safer, and user-friendly workflow.

- **1500 kg capacity**
- **Electric lift and drive – completely unique**
- **800 mm lift height for optimal working position**
- **Ideal for shops, warehouses & internal logistics**
