2. Remote Control

Attention:

Product power:

Input voltage: 100-240V

Output voltage: 5V

Failure to comply with these instructions will void the manufacturer's warranty.

1. Charge the batteries before use.
2. Only use the included power supply with the charging base. Using other power supplies may cause permanent damage to the products, and the manufacturer will not be responsible for any such damage.
3. The product is designed to connect a maximum of 1 charging base (12 pcs tea lights) with one 5V1A power supply while connecting a maximum of 2 charging bases (24 pcs tea lights) with one 5V2A power supply.
4. If the candles will not be used for more than 4 weeks, ensure they are powered off and fully charged. During long-term storage, the batteries should be charged and discharged every 3 months.
5. Before the first use and after long-term storage, please fully charge the battery before use.
6. Do not burn or destroy batteries, as doing so may cause them to explode or release toxic substances.
7. Do not expose batteries to extreme temperatures or other harsh conditions.
8. Store batteries in a cool and dry place.
9. When the battery is low, turn off the device to prevent excessive discharge.
10. Never put batteries in water.
11. For indoor and outdoor use (IP54).

1. Power

2.A Before the first use press the ON/OFF button on the bottom of each candle to turn it on.
