Smoking shelter set with ESG glazing, bench and ashtray – ideal for weather-protected outdoor areas. The Köln K3 d/b model is a well-designed all-in-one solution. The robust construction made of galvanized and coated steel profiles is complemented by large toughened safety glass (ESG) panels, offering protection from wind and weather while creating a modern, open appearance.

The flat roof features an integrated drainage channel that reliably directs rainwater through a corner post at the rear. The shelter is delivered fully assembled – including an easy-to-empty ashtray and bench. The result: a functional, durable smoking shelter set for any environment.

- + Fully assembled flat-roof steel construction with certified type testing
- + Two integrated benches and easy-to-empty wall-mounted ashtray
- + C4 medium corrosion protection
