

Jack

” *Young, dynamic,  
the trendy desk lamp.*

TECHNICAL FEATURES

## ERGONOMIC

### Trailor made lighting

Jack is equipped with a very efficient 6W LED light source. A tactile switch located on the base lets you choose between 4 lighting intensities and 3 colour temperatures that correspond to different activities:

- Working
- Reading
- Relaxing

## USB CHARGER

### Product benefit

Jack is equipped with a USB port to charge smartphones. USB cable not included.

## DESIGN

### Simple and elegant

The elliptical shape of the head increases the diffusion of the light onto the work surface. Compact and articulated it will fit perfectly in any office.
